

# Helping to deliver the right treatment faster

through a secure healthcare professional social network.

## Emma's Story

08:00

Emma arrives to A&E department of the Connected Hospital with very painful abscess. She is given pain relief and booked in to acquire dental x-ray images.

Scans are performed and Emma makes an emergency appointment with her dentist.

09:00

Emma's dentist can examine her case before she arrives.

Emma's images are securely sent in the cloud from the hospital to the community dentist practice...

in just a few minutes

08:30

When Emma arrives, she receives immediate treatment!

Better patient EXPERIENCE!
